# The Circle of Hope

## Lena Cade-Swindells

Lena, our new blue circle leader seems to be a perfectly progressive Candidate. Although, when posed the question, “How confident are you?” She replied, “8-9 out of 10.” It has been suggested that too much confidence could work against her when the elections finally arrive.

Pleasingly, she cares hugely about the environment and is a firm believer in recycling. She also thinks that the best political role model is Diane Abbott.

# Promising, Passionate Pentagons

## **Biba Cariss**

Biba, our purple pentagon leader seems as confident as can be after rating herself 10 out of 10 with confidence. When asked who she believed herself to be most like in British politics, she chose Theresa May.

Crucially, she believes that we must work together to move towards the future. She loves animals and is very independent. Additionally she has useful experience from participating in school council.

# Millfields Children's Forum

**Indy Parrington**

Indy Parrington is the leader of MCF and has pledged that if he becomes the prime minister of Millfields Community School he will: help clean up our community, lead school protests against factories that contribute to plastic pollution and more encourage the school to pursue more environmentally friendly school trips.

There is no doubting his enthusiasm and ideas. However they will certainly come under greater scrutiny over the course of the following week.

# Eco Stars

## Rosa Jenkins

Rosa ,who is our new eco stars leader, has pledged to be environmentally friendly. Despite being only 10 years old, she is hoping to make a more sustainable community. She has rated herself in confidence at 8/10 which proves she is just the right person for the job.

Reassuringly, Miss Jenkins has pledged to stick to her promises and is determined to make a change.

# Terrific Triangles

**Leo Muss**

Leo Muss is our new triangle candidate and he seems keen to focus on one main goal: to reduce loneliness within our school community. His main role model is his father and he describes himself as being terrific!

Exuding confidence, Leo is determined to come first and win the race to be our next PM. In fact, he has rated his confidence as 9 out of 10!

# What does the world believe?

What are the political theories that have shaped our world?

IN this series of articles, we will be focusing on explaining the political beliefs of people in our school, our country and those around the world.

We hope that by the time you have finish reading you will know a bit more about different types political beliefs and be able to develop your own opinions on this subject.

There are many questions we hope to address – What is fascism? What is communism? Why do people believe in socialism? If one is better than the other why do others continue to exist?

# Analysis of 2018's Cabinet

**How has the Prime Minister & Cabinet set up last year performed?**

The democratic cabinet that was set up last year has been relatively successful. In fact, the year has gone past in a flash!

Here are some key points:

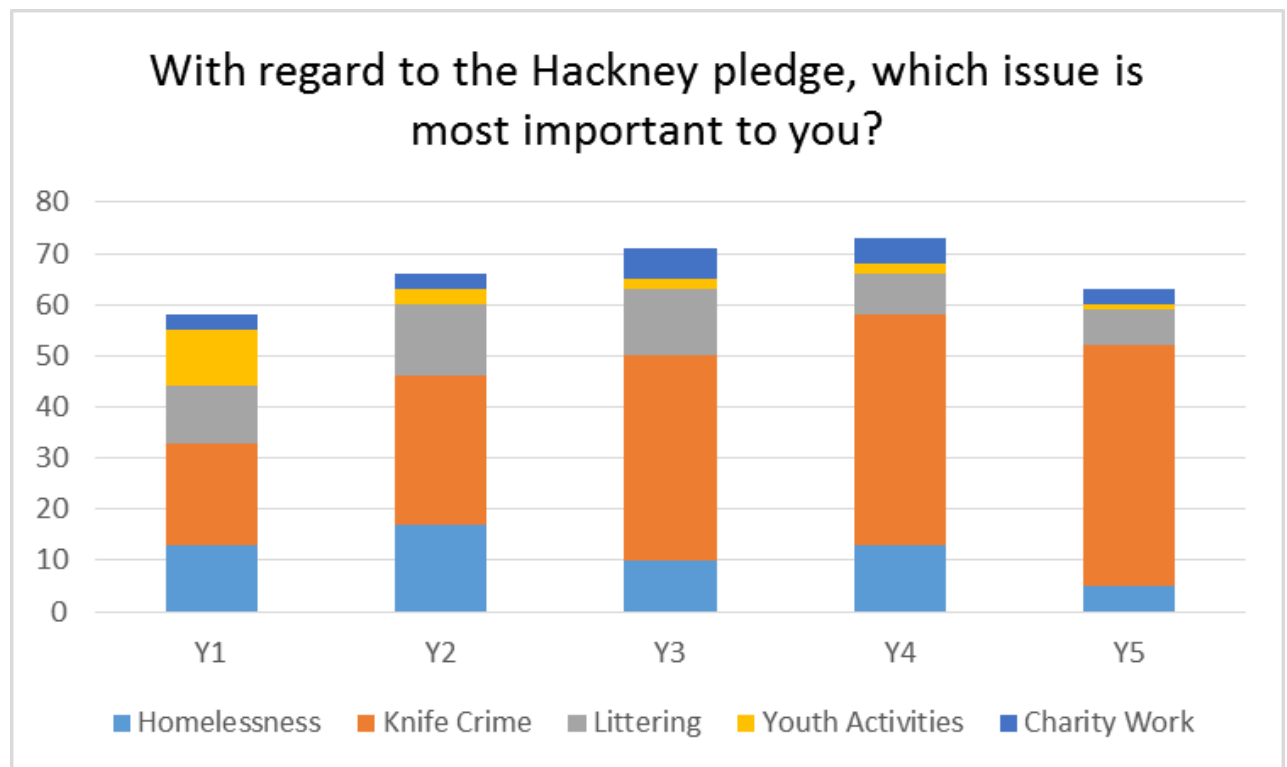

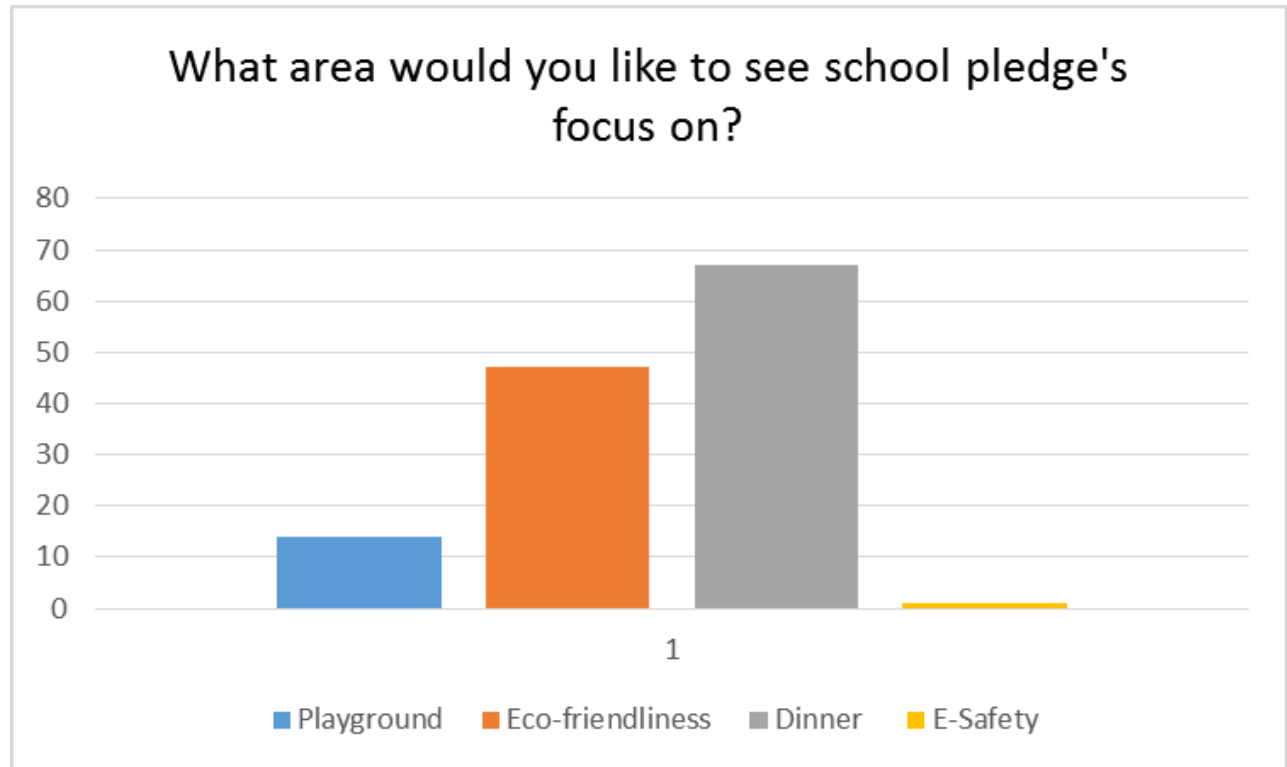

1. Due to the Blue Circles Success, Year 3 lunch time was changed – talk about democracy in action! For the whole of this year, Year 3 have been having lunch with the lower KS2, which is such a big relief for the upper ks2.
2. Many people from Jones class said changing the school meals was a fantastic idea because the previous setup wasn't satisfactory but now they enjoy it more than ever!
3. One of last years KS2 classes asked Prime Minister Kit, " What about knife crime?" He simply answered saying " More youth clubs need to be created." , a sentiment echoed my much of the public in Hackney.
