

# Covid 19—Guidance Flow Chart

Does your child have :

- A temperature?
- A new , continuous cough?
- Sudden loss of taste or smell?

Yes

No

Child stays at home.  
Child MUST get Covid 19 Test. Call NHS 119.  
Inform school of result.

Child can come to school.

Test Positive  
+

Test Negative  
-

Child remains home for at least 10 days and temperature has gone.

Child can return to school as long as they have no symptoms..

Help us keep our community safe—if your child has any symptoms—do not send them to school until they have a negative Covid test.

Does any member of your household have:

- A temperature?
- A new , continuous cough?
- Loss of taste or smell?

Yes

All members of household stay at home.  
Person showing symptoms MUST get Covid 19 Test. Call NHS 119.  
Inform school of result.

Test Positive  
+

Child remains home for 14 days.

If you are contacted by NHS Test & Trace and your child was with you when you had contact—you and your child must stay home for 14 days even if you have no symptoms.

If your child was not with you when you had contact, your child should come to school unless you develop symptoms.

Does your child have:

- A sore throat?
- Runny nose?
- Headache?
- Stomach Ache?

Yes

No

Keep Child home for 48 hours to monitor symptoms.

Child can come to school.

No further symptoms develop.

Child can return to school as soon as they feel better.
