

Dear Parents and Carers,
Happy New Year!

On the reverse side of this sheet, you will see an outline of the learning that the classes will be covering in the Spring Term.

Core Subjects Overview

In **Maths**, we will be learning about money, multiplication and division. We will begin using mental strategies and progress to formal written methods. We will also learn about properties of shape and statistics. In **English**, we will be using our knowledge about significant people to write a detail narrative, letters and information leaflets. In **Science**, our topics are 'Living things including animals' the first half term, and 'Use of everyday materials' in the second half term.

Our PE days are:

Class	Days
Riley	Monday and Friday
Hepworth	Monday and Friday
Brown	Monday and Thursday

Please ensure that your child comes to school wearing their PE kit (*white t-shirt and navy shorts/ tracksuit bottoms*) on PE days. Please bear in mind that most PE sessions will be outside. Your child will need a pair of trainers please.

Homework

Homework will be sent via Google Classroom each **Friday** and needs to be completed by following Friday each week. This will include spellings, Maths Whizz and times tables practice. At the beginning of each term, a **homework project** will be set to be completed by the end of that term. This term our project is on our topic 'Changing the world'. We will be sending details shortly.

Book bags will be sent out on Tuesday and need to be returned on the following Monday.

Term Dates:

We close for the half term break at 2.00pm on Friday 11th February 2022 and school re-opens for children on Monday 21st February 2022. The Spring Term will end at 2.00pm on Friday 1st April 2022.

Communication:

The Millfields Mag is sent out via email each Friday and will be on your Google Classroom. Try to read it with your child so that you can keep up to date with what is happening at school. Please also keep up to date with your child's Google Classroom, as this is where your child will receive positive behaviour management rewards as well as other notices, reminders and of course homework. If you download the app and are signed in using your child's account, you can receive notifications to remind you when things are added.

If you have any questions about your child's learning or any aspect of school life, please e-mail info@millfields.hackney.sch.uk and your child's class teacher will be alerted. We are really looking forward to a positive year.

Kind Regards,

Ashraf Mohi
