

Summer Term 2022

Dear Parents and Carers,

Welcome back!

Please read on for some important dates and information about your child's learning this term. On the next page, you will see an outline of the learning that the classes will be covering in the Summer Term.

Core Subjects Overview

In **Maths**, we will be learning about decimals, money and time for the first half term. In the second half term, we will learn about statistics, properties of shape, and position and direction. We will continue to learn and revise the times tables up to 12. In **English**, we will learn the skills needed to help us write letters from different perspectives, descriptive narratives, persuasive adverts and non-chronological reports. In **Science**, we will have an extended topic about living things and their habitats and a shorter project linked to climate change.

Multiplication Tables Check

Children in Year 4 will take a statutory multiplication tables check in June this year. The check will be administered in small groups during the 3-week window beginning 6th June.

PE Times

There are some changes to our PE days for this term. Please see the updated schedule below. A reminder that your child should come to school wearing their PE kit (white top, navy bottoms and black trainers) on PE days and bear in mind that many of our PE sessions will be outdoors.

Dunlop: Monday and Wednesday

Jones: Tuesday and Wednesday

Lovelace: Tuesday and Wednesday

Homework and Reading

Reading books are changed by our librarian on **Tuesdays** so please make sure book bags are returned by Tuesday morning each week. Homework will be sent via Google Classroom each **Wednesday**. This will include spellings, Maths Whizz/Times Tables Rock Stars and times tables practice. We will have an informal, low stakes spelling and times tables check in class each week so please encourage your child to practice at home. Children will also receive a project linked to their topic each term.
