

Millfields Daily

Outrageous Omnivore

By Anousha Horgan

Yesterday, party leaders were outraged by a certain mole. They were very angry at the words printed and the public assault on their parties. This morning the press were bombarded by representatives from the Purple Power Party & Millfields Mania and demanded to know who had started the rumours. Outraged supporters demanded that the press report to all parties that they should be more concerned with promoting their own party pledges in order to win votes rather than focusing on under-hand tactics that demote other parties. The public want to see 'clarity and honesty' not 'bribery and mud-slinging'. Although we are not aware of who exactly has been involved in the bribery attempts, Cem Owens, leader of Millfields Mania was first to say; 'If anyone knows anything or is aware of anyone who has been involved in these events please come forward. I would like to apologise for anything that may have happened. Emmanuel, Leader of Purple Power Party also said; 'It is shocking. I am so disappointed with members of my party. I am appalled and think it is unacceptable behaviour. It will not happen again.'

Red Justice Party

Joshua Pilling

We believe that EDUCATION is the key to a better life for everyone

Local Pledge - We pledge to ...

...make Hackney the greenest borough in London.

We will do this by:

More rubbish bins and recycling bins in the streets, in schools, businesses and shops.

Plant more tree's in every school and ensure that every school has a nature reserve

Ensuring that every school has an electric bus to take children to school and take them back home. This way, there will be less cars on the streets.

National Pledge - We pledge to ...

Ensure that no one should have to live on the streets.

We are going to establish special education centres for people who have ended up on the streets so that they can learn new skills, knowledge and find jobs so that they no longer have to live on the streets.

Global pledge - We pledge to ...

End child labour, slavery and poverty around the world. We believe the best way to do this is by ensuring that governments around the world make education free for all children.

WHAT THE PEOPLE SAY....

In response to the local pledge a Y4 pupil said 'I like this it will encourage people to be healthy.'

National Pledge: 'It's a good thing because when it's winter homeless people freeze but with homes people will be warm'

Global Pledge: A year four pupil said 'It's a good idea to end child poverty because everyone should be equal.' 'But how will you have the money to realise this pledge?'

By Grace Foley

Purple Power Party

Emmanuel Akam

Local Pledge - We pledge to ...

Improve playground sand parks though designing areas to minimize litter.

Design areas for eating and drinking including tables with built in waste disposal units.

Design areas for pets insuring they are kept separate from children's play areas.

Improve children's play areas with exiting age appropriate activities.

National Pledge - We pledge to ...

Reduce national pollution which in tern will improve national health.

We aim to provide individual awareness of carbon foot-printing and will provide support for individual s to lower their own.

Convert to electric cars on a national scale.

Convert all current energy services to renewable sources

Mandate all companies to reduce co2 emissions by 20% by April 2016.

Global pledge - We pledge to ...

Our third pledge is to identify and eradicate child labour an poverty throughout the world.

This will enable children to return to a good education which would lead to a downfall in world conflict.

WHAT THE PEOPLE SAY....

By Anousha Horgan

Local: to improve playgrounds and parks

"I think that it is a good idea because it means there is more space"

"Playgrounds are good and parks need to be clean I agree"

National: reduce national pollution which in term will influence health

"How will they manage to do that - I don't get it"

Global: to identify and eradicate child labour and poverty throughout the world

"It is a good idea and I agree but how are you going to do that what steps would you take we need to know more about your pledge"

" I really agree it is something very, very important"

Give More Get More Party

Ruby Andrews

Here at the 'Give More, Get More' Party we strongly believe that the more you give in life, the more you, and others get back, in the end. We encourage all people to work hard, to look out for other people, and to receive the rewards for our communities, our country and for the world

Local Pledge - We pledge to ...

We want all children in our school to benefit from free school meals. We recognise the importance of a healthy diet to enhance a child's ability to concentrate and learn. We will pay for these free lunches by reducing the money we spend and wastage that occurs with our stationery budget. We will encourage everyone to take care of their pens, pencils and other stationery items and to think about, and reduce the amount of paper we use. Additionally, we will replace all our lighting units with energy efficient bulbs

National Pledge - We pledge to ...

Nationally we want to increase the money we spend on our elderly people. Britain has an ageing population and we want to see our older people treated with respect and able to access the services they require. We will fund these services by increasing the amount of tax payable by all residents earning more than £1M per year.

Global pledge - We pledge to ...

We, like you, are very concerned about our environment. We want to protect our planet for subsequent generations. One of the major world pollutants are petrol fuelled cars. We want to increase investment in the development of electrically powered vehicles and gradually reduce the use of petrol. To fund this we will abolish TRIDENT and other nuclear weapons. We will then use our influencing skills to encourage all countries of the world to destroy their nuclear weapons and to invest in electric cars.

WHAT THE PEOPLE SAY....

Local pledge: 'It would be good if the food was free' But 'It is bad because the school won't benefit – they will lose money'
Second pledge: 'It would be good for old people but some people would lose money'
Final pledge: 'I think we should stop pollution but not at the expense of the army' By Joey Tristram

MTP LITTER- BUSTERS

HARRIS SCOTT - FENTON

Local Pledge - We pledge to ...

Reduce littering in Millfields and the surrounding area.

We will do this by:

- Providing more bins.
- Encouraging volunteers to monitor and litter pick
- Making people who drop litter undertake community service

National Pledge - We pledge to ...

Improve health for all people

We will do this by:

- Providing a free school meal for every child at school
- Provide before and after school clubs with an emphasis learning about food
- Provide more homeless shelters that provide healthier food.

Global pledge - We pledge to ...

Reduce worldwide child poverty

We will do this by:

- Stopping all deliveries of rubbish to third world countries.
- Increasing recycling plants
- Providing matched funding for education in poorer countries

WHAT THE PEOPLE SAY....

On the idea of reducing the littering at Millfields and the surrounding area, one year 4 pupil quoted: 'I think this is a great idea due to the fact that litter is bad and isn't very good for our environment.' Another quoted: 'I don't really think anyone is going to volunteer to pick up litter so the idea won't really work.'

Based on the pledge for improving health for all people, a child commented 'it is great to be healthy so I like this idea.' Another year 4 child replied 'I don't think this is much of an issue at the moment so I don't see the need to change it.'

On the point of reducing worldwide poverty, a child claimed 'I like this idea because I think everyone should be equal and some people aren't getting those rights.' One other child said: 'I don't think it's the best idea because poverty isn't the only thing which needs money, other things need it too.'

By Scarlett Mendick

Millfields Mania Cem Owens

Local Pledge - We pledge to ...

Our local pledge is to raise money to clean up the streets of Hackney and to provide the children and youth of Hackney with safe places to go to enjoy themselves after school and at the weekends.

HAVE FUN – KEEP FIT – STAY SAFE!

These will include youth clubs, sports clubs and centres, skate parks, gyms, local libraries and music recording centres, dance and art clubs.

Projects like Islington’s City safe Havens scheme could be great for Hackney.

National Pledge - We pledge to ...

We want to increase spending on education and children’s services.

WE WANT SCHOOL BUDGETS TO GO UP, NOT DOWN!

We want schools to have the money to spend on resources, great school dinners and to give all children the chance to go on trips, learn instruments and build fantastic playgrounds we can all enjoy!

Our education is important and worth investing in – we are the future!

Global pledge - We pledge to ...

We want Britain to take the lead in tackling child poverty and ending suffering, all over the world.

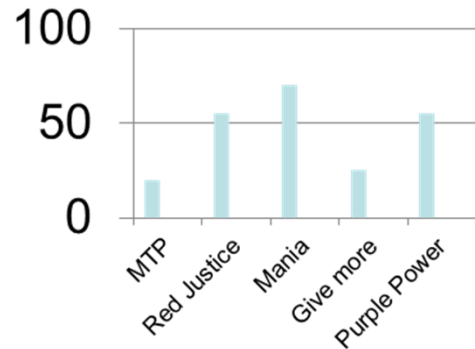

We want to increase spending on international projects that provide children with great health care and quality education just like we all have here in the UK.

57 million children in the world are out of education and over 6 million children under 5 die every year of preventable diseases. We like Ghandi’s words:

**“BE THE CHANGE YOU WANT TO SEE IN THE WORLD” –
BE THE CHANGE! MILLFIELDS MANIA!**

Lunchtime Leaders

Key stage 2 Lunch Time Survey

We asked 100 people what characteristics they require in a Prime Minister They said.....

- Be kind, responsible and helpful
- Listen to us and explain ideas clearly
- Be confident, speak clearly
- Respect everyone, be fair
- Reward good things and don't be bossy
- Be resilient when the going gets tough
- & last but not least....
- Fulfil your promises**

WHAT THE PEOPLE SAY....

By Lulu Dent

Local: More Youth Clubs.

“I think it is a good idea because if children don't want to be at home, they can go there.” “It might be bad because they wouldn't be spending any time with their family.”

National: To Increase School Budget.

“If children run out of equipment what will happen when no money is available?” “If the government did this there would be less money for other things like the NHS”

Global: Health and Education:

“It's really good because the children will live easier lives and for there to be equality around the world’
