## GIVE MORE GET MORE

The whole school was sitting right in front of their future prime minister and the other leaders that sadly didn't make it. Every one quietened down as Roz announced the official winner of the prime minister show down! It was very close, just like last year. As Roz announced Finlay as PM rapturous cheers filled the air and Finlay and his deputy Ashleigh jumped up and down in delight. He was really shocked and amazed that so many people voted for him.

We managed to catch him up after the election "Thank you for every one who voted for me," He said happily. We also managed to ask one of the other leaders how they felt when they didn't win "I feel happy for him" said Sacha. He continued .. "hopefully I'll be prime minister next year." Aleksandra said; "Next year I would like the leader to be a year 5 so they can be PM for 2 years," Rose and Meg from Newcastle class said they felt happy for Finlay although they were a tiny bit disappointed that their party didn't win.

Democracy dog is so good at finding things he has been promoted. He is now known as the spy minister.
