

Sports Premium Funding Report

September 2017

At Millfields, we are strongly committed to PE, and recognise the contribution of PE to the health and well-being of the children. We believe that an innovative, varied PE curriculum and a wide range of extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement all our children. This is evident in the wide range of activities and initiatives that we take part in and offer to the whole school community, including being involved in inter-school competitions, local events such as the Hackney Run, and East London initiative 'Beat the Street'.

Our Primary School Sport's funding enables us to continue to extend our provision to ensure that all pupils are giving an equal opportunity to access PE and sports, through employing additional sports coaches, entering into more competitive sports competitions, providing specific sports - lessons and training our staff, and purchasing additional resources to deliver high quality PE and Games sessions.

Primary School Sports Funding 2017-18

The government has recently increased the amount of funding per annum for schools to provide new and substantial primary school sports funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Head teachers to spend on improving the quality of sport and PE for all their children. This year each school will receive £16,000 plus an extra £10 per pupil each year for the next two years – at Millfields Community School that will mean that for the academic year 2017-18, we should receive around £21,400.

Purpose of the funding

Schools must spend the additional sport funding on making additional and sustainable improvements to the provision of PE and sport for the benefit of all pupils to encourage the development of healthy, active lifestyles. Each school has the freedom to choose how they do this.

Schools receive PE and sport premium funding based on the number of eligible pupils in Years 1 to 6 at the January census.

Information about the Government initiative for funding sport in primary schools can be found at:

<https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools>

At Millfields, we plan to use the funding in 2017-18:

- to develop and add to the PE and sport activities and provision that the school already has on offer as part of the PE Curriculum
- to make improvements and invest in resources and equipment that will benefit pupils joining the school in future years
- to hire qualified sports coaches to work with teachers to develop their skills in teaching PE
- to provide existing staff with training or resources to help them teach PE and sport more effectively including a new PE Scheme of Work introduced in September 2017
- to introduce new sports or activities and encourage more pupils to take up sport e.g. EYFS Cycling Club in September 2017 and Safer Scooting course for all Y2 pupils
- to support and involve the least active children and families in active sessions and extending school sports clubs and holiday clubs
- to ensure that Millfields is represented and takes part in a wide range of sports competitions
- to increase pupils' participation in local sports and active events and initiatives
- to run sports activities with other schools
- to provide opportunity for pupils with additional needs to take part in horse-riding
- to release staff and pay coaches to attend a wide range of sporting events and competitions in all areas of the PE curriculum and across many sports
- to buy high quality materials and equipment to support learning in PE and games
- provide a range of opportunities for enrichment activities after school and at lunchtime
- to provide subsidised places for pupils in after school sports clubs and for pupils on residential visits that include physical activities such as climbing, tunnelling, archery and orienteering
- to ensure that pupils experience a range of 'new' sporting activities during Sports Week such as fencing, archery, judo, hula hooping, skipping and bicudo

PE, Sport and healthy life-styles at Millfields:

Physical Education

PE is taught at Millfields to develop fitness levels and stamina, movement skills, team work, competition and an understanding of a healthy lifestyle. In September 2017, we introduced a new PE scheme of work that allows access to long term planning, lesson plans, resources, curriculum mapping and assessment, all carefully tailored to each key stage. The assessment tool will enable us to ensure that all aspects of the PE curriculum are covered for all children, while also allowing each child's progress and achievements to be tracked against a standard assessment tool.

Provision for PE is very good, as not only do most classes have two sessions of PE a week, some sessions are taught by staff whose specialism is in this subject e.g. tennis coach, gymnastics coach, swimming coach or football coach. Sports and PE coaching is provided by utilising the strengths of existing members of staff and additional external coaches.

We are also lucky to belong to the HTSA (Hackney Teaching School Alliance) which is part led by Clapton Girls Academy who are also currently enhancing our PE curriculum through use of their premises to aid the children in accessing sports like basketball and trampolining, as well as offering training for staff and organising inter-school sports competitions.

In addition to learning skills to help pupils to self-evaluate, make improvements and work within a team, Millfields provides good provision for swimming which is taught at the local swimming pool for children from Reception to Year 5; tennis that is taught in Years 3 and Year 4; basketball is provided by Clapton Academy in Year 5 and Year 6, with trampolining and athletics, also taught by Clapton Academy in KS2, as well as yoga teaching in Nursery and Reception classes.

Sports

Millfields is also well-represented at inter-school and cross borough sporting events. Millfields are part of both girls' and boys' football leagues, the Hackney Cycling League, orienteering league, netball tournaments, tennis tournaments, athletics meetings, hockey games, swimming galas, basketball, tennis and tag rugby competitions.

Millfields has won the Hackney Cycling League for the last 2 years, and we continue to build on the squad over time. The after-school Cycling Club includes all pupils, including this year, a EYFS Cycle Club to encourage participation from a young age.

From September 2017, we will have a regular tennis programme (Millfields Tennis Academy) for pupils in the current Year 4 and Year 5 classes. A qualified coach takes the pupils off-site to train once a week, and one player has already been scouted by the LTA.

There is also extensive after-school sports and physical activity provision including judo, football through Arsenal Double Club, multi-sports skills, tennis, badminton, street dance, hula hoops, cycling and gymnastics.

MILLFIELDS COMMUNITY SCHOOL

YOUNG HACKNEY PRIMARY SCHOOLS CYCLING LEAGUE CHAMPIONS 2016

Healthy Living

For the past 3 years Millfields has taken part in Hackney Half Marathon that involves more than 200 pupils and their families in a weekly run prior to the weekend event, that ensures that pupils have run 12 miles before the day, and then they complete the final mile at the main event. In May 2017, we were very proud of the fact that a Millfields pupil won the event!

Each year we make sure that targeted Year 5 pupils take part in the local authority 'Cycling Proficiency' training. We target pupils who may not otherwise have a n opportunity to ride a bike, and throughout the academic year more than 30 pupils benefit.

Hackney organise an annual event called 'Bike Around the borough', which Millfields always takes part in. More than 50 pupils, staff and parents take to the Hackney roads with hundreds of other cyclists to complete a tour around the local area. We allow pupils without access to a bike to borrow one of our increasing number of school bikes to take part.

'Beat the Street' is an East London initiative that Millfields always take part in with great enthusiasm. Pupils and their families and friends are encouraged to travel around the local area by foot, on bikes and scooters to promote being active. The idea is that pupils monitor via a fob and beat box, the distance covered and places visited. Individuals and schools win prizes and love taking part!

This year, we are also offering 'Safer Scooting' training to the Year 2 pupils. Scooting to school and around the local area is a popular activity, and this training will ensure that pupils are doing so safely.

Review and impact 2016-17

Primary PE Sports Grant awarded 2016-17			
Total number of pupils on role eligible (age 5 years in January)	522		
Amount PSG received per pupil	£5 =£2610		
PSG	£8000		
Total amount received	£10,610		
Summary of PESG 2016-17			
Objectives for PESG spend: <ul style="list-style-type: none"> To continue to improve PE and Games provision at Millfields through CPD and additional coaching To broaden the sporting opportunities available to Millfields pupils including an opportunity to learn to play tennis To include more pupils in competitive sport through entering a wide range of competitions at all age ranges including cycling, football, basketball, tennis, swimming, orienteering, chess and athletics To develop a love of sport and physical activity –curriculum, competition and extra-curricular To continue to take part in a wide range of community and family, sporting and active events 			
Record of spending for Academic Year 2016-17			
Project	Cost	Objective	Outcome/Impact
Sports Coaches	£22,150	To continue to improve PE and Games provision at Millfields through additional opportunities for pupils to learn new skills and games, and for staff to be up-skilled	<p>A range of sports coaches from different providers has meant pupils are learning new skills and playing team games more regularly.</p> <p>Staff report that they feel more confident in teaching a range of skills in PE lessons.</p> <p>Pupils and their parents report in annual surveys that they enjoy PE and games at Millfields.</p>
Tennis Coaching for Y4 and Y5	£3,600	To broaden the sporting opportunities available to Millfields pupils during PE and after school	Expert coaching has meant that pupils in Years 4 and 5 have learnt basic skills in a new sport.
Tennis Coaching for team players	£875	To ensure that players are of a suitable standard to represent the school competitively.	Pupil players and their parents report that they are very happy with this opportunity and Millfields has reached the

			final in 3 inter-school competitions.
Sports Week Activities	£3,500	To develop a love of sport and physical activity, and to experience new sports and learn new skills.	Pupil and parent feedback through end of year questionnaire strongly states that pupils love PE and sports opportunities, and especially sports week.
HSTA PE Subscription	£3,000	To include more pupils in competitive sport and range of competitions borough-wide and HTSA	Enrichment and inclusion in a wide range of sports for identified pupils. Successes celebrated across school community.
TOTAL:	£10,975 (SG) £33,125		

Primary PE Sports Grant awarded 2017-18

Total number of pupils on role eligible (age 5 years in January)	540
Amount SG expected per pupil	£10 = £5400
PSG	£16,000
Total amount expected:	£21,400

Summary of PPSG 2017-18

Objectives for PPSG spend:

- To continue to include more pupils in competitive sport through entering a wide range of competitions at all age ranges including cycling, football, basketball, tennis, swimming, orienteering, chess and athletics
- To further embed a love of sport and physical activity –curriculum, competition and extra-curricular for all pupils including the very youngest pupils and those with additional needs
- To continue to take part in a wide range of community and family, sporting and active events
- To further improve and enrich PE and Games provision at Millfields through CPD, additional coaching and involvement in a wide range of local and national initiatives
- To continue to broaden sporting opportunities for all pupils at Millfields and include more pupils in competitive sports
- To encourage healthy life-styles by participating in school, local and national initiatives
- To have specialist PE teachers or qualified sports coaches to work with our teachers when teaching PE and for CPD
- To work in partnership with local schools with HTSA and local secondary schools on competitive sports opportunities and staff development
- To provide professional development opportunities for teachers in PE and sport and ensure that teaching resources and equipment are bought to support teachers to teach PE and sport
- To ensure that the community celebrates success in sporting activities

Measuring Impact

The school will measure the impact of the sports fund grant spending at the end of 2017/18 through:

- pupil interviews
- questionnaires
- staff skills audits
- staff surveys
- parent questionnaires,
- participation in sports competitions
- analysis of attendance at clubs and extra-curricular activities.
