

What do EYFS  
children like most  
about their  
outdoor areas?

What do you like  
most about the  
playground in school  
and what would you  
like more of?

# Nursery – North London

I like the sand because it has letters in it and I can make it stick. I like chasing my friends and racing. I want a slide.

Zain

# Nursery – South London

I like the scooter, I got my scooter – yellow and pink. I like going in the puddles and wearing my Mini Mouse boots. I like running but it makes me tired. I want more toys that you can throw.

Liyana

# Reception - Belfast

I like playing with the sand because it's messy and playing in the Mud Kitchen – I play babies and give them their food which I mix up with dirt and some sand. I want more hats and bags to dress up.

Margo

# Reception - Cardiff

I like running it makes me laugh and I can scream. I like it when there is mud in the blue tray because I can add water and make a cake and put it in the oven. I wish there were more boards that you can slide on (Body Boards) they are so fun.

Freya

# Reception - Edinburgh

I like playing with my friends and on the climbing frame. I also like the sandpit because it has spades and buckets and you can make sandcastles but I don't like it when someone knocks it down. I want lots of scooters and bikes.
