

What do pupils think about Geography at Millfields?

Learning in Geography in KS1 & KS2 Autumn 2015

What have you learned in
Geography this term?

Year 1 – Right Here, Right Now

We made a map of our local area.
There were a lot of human features like the fountain in Clapton Pond.

Indy

We went around our local area. We saw human features and physical features.

Olive

Year 1 – Right Here, Right Now

We're finding out about the different types of weather. We're actually using maths skills too because we have to measure the water in our rain gauge.

Merryn

Year 1 – Right Here, Right Now

Clapton is in Hackney. Hackney is in London and London is a big city in Europe.

We've been having investigations about what's the most popular vehicle in our area and learning about the features of our local area.

Leila D

I've learned about the types of jobs people do and the houses. Most people live in a terraced house, semi-detached house or flat.

Sonny

Year 3 – Africa Uncovered

Africa is a continent. We've been learning about the countries in Africa. Mozambique, Egypt and South Africa are in Africa.

Reuben

Our topic is Africa Uncovered. I think there are four different biomes in Africa like desert and savannah.
