

The Green Machine Team

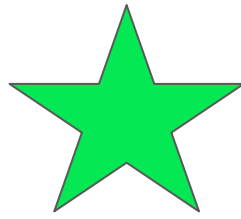

Our School

We pledge to:

- *Continue the fight to end bullying, racism and inequality.*
- *Introduce First Aid Training for children so we can all save lives and stay safe.*
- *Work together with other schools in Hackney to stop the cuts.*
- *We would like to introduce a 'buddying' system, and match older students to younger children to provide support and build positive relationships within our school.*

Our Community

- *Recognise and celebrate the local heroes within our community.*
- *Introduce 'A Little Act Of Kindness Week' where children will help within the community and raise money for our school.*
- *Litter pick our local parks and areas.*
- *We would like to work with local organisations such as 'made in Hackney' - the first vegan community cookery school and charity in the UK. We feel this would help to develop skills, knowledge, and inspire more people to grow, cook, and eat more plants. This would also offer more opportunities to share skills, learn new ones and to bring people together*

Our World

- *We would like to have more vegan options everyday to give the power of choice.*
- *We would like to raise awareness of animal cruelty, and food waste so everyone can make kinder choices.*
- *Introduce more learning about nature in a natural environment.*
- *Work with organisations that plant trees.*
- *Invite local homeless charities to give talks to help raise awareness.*

Do YOU want to make a positive change for the future?

Do YOU want to be part of an all inclusive school?

Do YOU want to help to protect our planet?

Do YOU care about your community?

Do YOU want your voice to be heard?

If you can say YES to any of these questions you need to vote for the
GREEN MACHINE.

Come and be a part of our team and we will all share the green dream.
